ASPH Update

Ashford and St. Peter's Hospitals NHS Foundation Trust

November 2025

Welcome to the latest update about Ashford and St Peter's Hospitals NHS Foundation Trust

ASPH awarded £3.2 million

We're pleased to share that ASPH has been awarded £3.2 million from Runnymede Borough Council to expand our Cardiac Catheter Lab and enhance our Neonatal Intensive Care Unit (NICU), following successful bids to the Community Infrastructure Levy (CIL) fund.

The £2.9 million, in addition to the existing NHS allocation of £900,000, will be used to carry out a major upgrade and expansion, as well as purchase new equipment that will help us to meet the needs of the population of Surrey now and in the coming years.

These improvements will strengthen our ability to deliver timely, life-saving care in modern, purpose-built environments. They also reflect our ongoing commitment to continuous improvement and to working in partnership with our community.

We are delighted to receive this investment from Runnymede Borough Council, which will enable us to make important enhancements to two of our vital services which care for those in North West Surrey and neighbouring areas.

Celebrating Maternity Support Worker Day

To celebrate Maternity Support Worker (MSW) day, we were honoured to hold the MSW conference at Ashford Hospital Education Centre. Delegates came from across the South East, including Kent, South West London, Sussex, Hampshire, as well as the MSWs from ASPH.

Attendees had the opportunity to network, share experiences, and explore career development pathways. Above all, the event was a chance to reflect on the dedication and impact of MSWs and to celebrate the incredible work they do every day.

World Prematurity Day

To celebrate World Prematurity Day, our Little Roo team joined together to raise awareness, as well as funds, with a cake sale and raffle in the main reception at St Peter's Hospital. Donations raised will go towards our Tiny Lives campaign, helping to fund vital ventilators for our NICU.

These life-saving machines ensure our tiniest patients get the best possible start in life, giving them a stronger chance to grow, thrive, and reach their full potential.

Visit the Little Roo page on our **website**.

Remembrance Day 2025

On Tuesday 11 November, colleagues from across both of our hospital sites came together for Remembrance Services to reflect on, and honour, those who have lost their lives in war, as well as those who continue to face conflict around the world.

Each service concluded with the laying of wreaths – a quiet yet powerful act of remembrance that underscored our collective respect for those who served and those who continue to serve.

In addition, on Sunday 9 November, Elizabeth Tysoe and Louise Russell represented ASPH at the Staines Remembrance Service, where the trust was invited to lay a wreath in tribute for Armistice.

Our Charity cake sale raised an amazing £596!

We held a Charity cake sale in the main entrance of St Peter's Hospital which was a huge success, raising £596. The fund will help support our Volunteers' Christmas celebration.

It's so important for us to thank them for the incredible work they do all year round in support of Ashford and St Peter's Hospitals and we're hugely grateful to all those who donated and bought cakes.

Two weeks left to share your thoughts on our hospital strategy refresh!

There is less than two weeks left to complete our survey! This is your opportunity to help shape the future direction of Ashford and St Peter's.

We want to hear from you about how we can transform the care we deliver to support our communities to lead happier, healthier lives and strengthen our fantastic services together with our group model partner, **Royal Surrey NHS Foundation Trust.**

Our refreshed strategy will take into consideration the **NHS 10-Year Plan**, which was published earlier this year.

The survey closes at 11.59pm on Friday 19 December 2025 – complete the survey **here**.

If you'd like to share feedback about your experience at the trust, please email **asp-tr.patient.advice@nhs.net**

Our First Health and Wellbeing Day

On November 5 we held our first ever Health and Wellbeing Day – it was a brilliant day, dedicated to staff wellbeing. Over 140 people attended from at least 44 different departments across the trust.

Wellbeing is a continuous journey, and we are committed to supporting our staff every step of the way.
