little Roo neonatal fund

For babies that need a little more care at St. Peter's Hospital

St Peter's NICU Mission Statement

We provide outstanding Family Integrated Care, welcoming parents and carers as essential partners in their baby's wellbeing.

We support you to have close, hands-on contact with your baby and to be fully involved in planning and making decisions about their care.
We listen to your family's individual and cultural needs and work with you to make care personal and supportive.

We actively tackle barriers that may prevent you from being involved, and we learn from the experiences of all families to continually improve our service.

Your baby's journey is guided by compassion, dignity, respect, confidentiality, and evidence-based care.
